Enhance your Vivace treatment with results-driven add ons below:

☐ Single PRP \$240	☐ Series of 3 PRP \$600	☐ DiamondGlow® Facial \$180
Rich in growth factors, PRP supports your skin's natural healing process after treatment. Applied immediately after Vivace, PRP can help calm the skin, promote faster recovery, and support the rejuvenation process for healthier, more radiant-looking skin.	Rich in growth factors, PRP supports your skin's natural healing process after treatment. Applied immediately after Vivace, PRP can help calm the skin, promote faster recovery, and support the rejuvenation process for healthier, more radiant-looking skin.	Our most popular facial experience that deeply exfoliates, extracts, and infuses customized serums. Instantly reveals hydrated, radiant, glass-like skin. The perfect final touch to clean and hydrate your skin after your last Vivace treatment heals.
☐ Neova Non-Ablative Recovery System \$157.⁵⁰	☐ Series of 3 Carboxy Therapy \$234	☐ Series of 6 Carboxy Therapy \$468
A three-step regimen that works to reduce downtime, calm post-procedure redness, and accelerate skin rebuilding for improved resilience. It helps minimize inflammation while promoting smoother, healthier-looking skin.	A powerful treatment that deeply hydrates, plumps, and revitalizes the skin. It delivers immediate glow, improved texture, reduced redness, intense hydration and visible skin refreshment. The perfect post-care to your Vivace treatments!	A powerful treatment that delivers immediate glow, improved texture, reduced redness, intense hydration & visible skin refreshment. The perfect post-care to your Vivace treatments, and can be continued weekly for enhanced hydration and glow!
